Forecast for Saturday 03 Jul 2021

Weather: A mainly dry and bright start, but showers will break out in the morning, some heavy and possibly thundery with a longer spell of rain in early afternoon. Showers becoming more scattered through the afternoon with some sunnier interludes developing, but still heavy and thundery downpours possible and continuing well into the evening.

Chance of cloud free mountain/hill tops above 800m: 60%

Visibility: Generally good. Some patchy cloud on lower slopes early in the day and occasional cloud down to 600 metres in heavier showers, more especially across southern fells

Meteorologist's View

Generally light winds, but sudden very gusty conditions are possible in heavy and thundery showers. Rather warm and humid between showers in afternoon, with temperature possibly reaching 20 or 21 C in any sunnier breaks.

Forecast for Sunday 04 Jul 2021

Weather: Mostly dry and bright with some sunshine but scattered showers will develop through the morning, with a few heavy and possibly thundery showers in afternoon.

Maximum wind: South or southeasterly winds, but perhaps southwesterly for a time in afternoon, generally 10-15mph but risk of stronger more gusty winds near showers

Chance of cloud free mountain/hill tops above 800m: 70%

Visibility: Mainly good or very good, with patchy cloud down to 600m in showers

Temperature: **Valleys:** Plus 11 rising to 19 C
At 800m: Between plus 9 and 12 C
Freezing level: Above tops
